

- What is the difference between “/” and “%” operators?
  - “/”は除算で”%”は剰余
- What is the *Step* button for?
  - プログラムの次の実行ステップに進む
- What is the *Play* button for?
  - プログラムの実行
- What is the *Pause* button for?
  - プログラムの実行を停止する
- Is the value of the `number` variable equal to the value of the `zigzag` variable after execution of the program?
  - いいえ
- You should explain how the least significant digit of the value of the `zigzag` variable was calculated
  - `int`型なので`number`の値を100で割ると少数が蹴られて一の位が出てきます
